

... FOR ACCURATE SURFACE CONDITIONING

MINNSEAL ... especially recommended for new and previously painted walls and ceilings.

DRY WALL PRIMER ... fast drying, excellent on new taped joint construction and unpainted plaster.

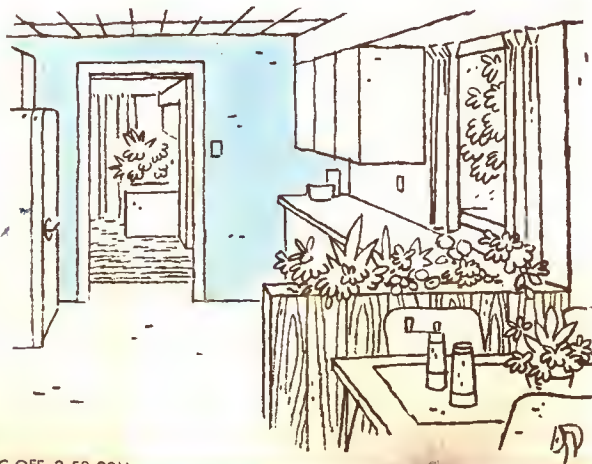

STELLAR SEAL ... stops suction and effectively seals such surfaces as soft woods of all kinds, plaster, wall-board.

ENAMEL UNDERCOAT ... an excellent first coat on wood where a gloss or semi-gloss is to be the finish coat. Requires a minimum of sanding.

ALKYD HIGH GLOSS INTERIOR ENAMEL

*... adds a pleasing sparkle to interior
"good looks"*

- odorless type
- cleans in a jiffy
- so practical for kitchen or bath
- smooth leveling
- works readily
- dries overnight

Matching Interior Alkyd Enamels!

HOW TO USE THIS CHART FOR COLOR HARMONY

To discover exactly how color patterns can aid you in your own home, determine first which colors will remain the same in your room *after* it is painted . . . the color of the draperies, a rug, upholstery or a favorite picture.

Next, consult the chart to the left. You will note it is grouped into five categories. For example, the color of that rug you intend to save is listed in the left-hand column. To determine which colors blend with this, read across.

WHAT YOU CAN DO . . . with color matched enamels

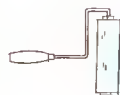

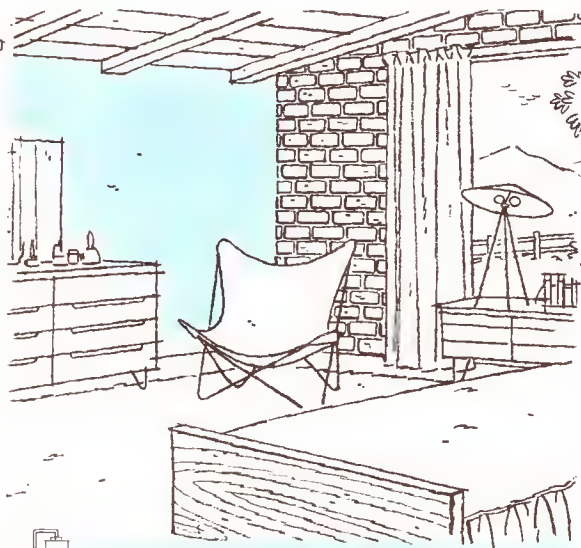

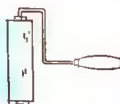

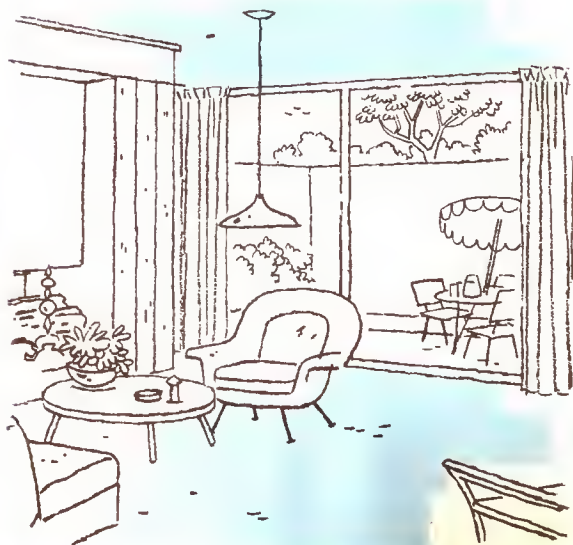

Here's versatility. Decorate a wall in flat, woodwork in semi-gloss . . . **IN IDENTICAL COLORS.** Do this in a variety of combinations. Match walls,

woodwork, cabinets . . . even furniture. Carry color schemes from living room to kitchen, from bath to bedroom . . . with each surface in the proper finish.

LUXTONE ALKYD INTERIOR FLAT ENAMEL

. . . for outstanding color effects . . . from striking deep tones to subtle pastel shades.

- a durable flat
- applies easily with brush or roller
- solid hiding
- excellent for plaster, composition board, brick, cement, plaster board or wood
- odorless type
- dries in a few hours

SOFT-GLOSS ALKYD INTERIOR ENAMEL

. . . for that soft, medium gloss so effective in uniting color schemes.

- very durable
- odorless type
- use it on plaster, wallboard, woodwork, metal, canvas or burlap wall coverings
- easy working
- easy to clean
- dries overnight
